

Don't fall for FAKE NEWS

Don't share instantly - take a moment to check the facts.

Use fact-checking sites like:

*Snopes.com

*FactCheck.org

*PolitiFact.com

Adjust your social media feeds - follow reliable sources, mute known misinformation spreaders.

Check the Source: Is it from a reputable news outlet, official organization, or an unknown site? Look beyond the headline.

Fact-check: Use trusted fact-checking sites like Snopes, FactCheck.org, or PolitiFact.

Verify with multiple outlets: If only one site is reporting it, it may be skeptical.

Watch for emotional manipulation: Outrage and fear are often used in fake stories.
